SUSTAINABILITY JOURNEY

PASSIONATE ABOUT PEOPLE, PLANET AND PURPOSE - WE CAN DO THIS TOGETHER

We all have a part to play in creating a more sustainable world.

Discover more about Jennings initiatives so far and our goals for the future.

Every step takes us further and steps become a journey.

MONUMENT PARKS JOURNEY TO NET ZERO 2030 ...

1980s-1990's

MONUMENT PARK designed to be **green for everyone to enjoy**. Always considering the natural environment with trees & hedgerows and tranquil outdoor spaces.

2001

HAMPDEN HOUSE serviced offices built using latest **eco friendly technology**.

2008

GREENACRES workshops built using **zero-carbon construction** Hemp & Lime. UK first for a project of this size. Giving peace of mind to the start-ups who made it home.

2009

ASHGROVE HOUSE built testing **rainwater harvesting & reuse** (grey water system).

2010

Focussed **SUSTAINABILITY EFFORTS** with ideas hatching & plans made for 10-year rollout of further **eco initiatives**.

2011

LAKE AREA created with a **Sustainable Drainage System** (SuDS) to collect rainwater run off and a gorgeous wildlife habitat.

2014

PV PANELS trialled on Hampden House.

2015

ENERGY SAVING LED lighting installed in all managed buildings. Cleaner, cheaper and mood enhancing.

2021

Win hearts & minds with a **RESPECTABLE FOOTPRINT!**

- Measuring our **own footprint** to set baseline
- Good communication and **fun incentives** for our tenants & stakeholders

2020

DECLARED MONUMENT PARK WILL BE NET ZERO BY 2030...

- Drafted **Roadmap** to Net Zero 2030
- **Targets** for energy use, waste management, water use, procurement & transport
- Finding ways to **involve others**

2019

- **HOSTED ECO DAY EVENT** for the business community sharing ideas, goals & opportunities
- **JOINED OXFORDSHIRE GREENTECH & BIOREGIONAL NETWORKS** getting to know more local businesses and supporting one another

2018

EVCS (Electric Vehicle Chargers) **installed** making **convenient car charging** possible for our tenants and community.

2017

PV PANELS fitted on all managed buildings on Monument Park.

2016

SUSTAINABLY FUELLED Biomass Boiler installed providing heating & hot water to several offices & café.

2022-2023

EXPAND OUR ECO NETWORKS AND SHARE AMBITIONS

Work together with our tenant businesses & partner organisations, to help us all achieve more, faster

2024

CREATE 'JENNINGS ENERGY' offering 100% **renewable energy** across all of Monument Park Giving everyone the chance to be greener.

2025

TACKLE ENERGY EFFICIENCY AND WATER USE

- Begin a programme of investment to make our **buildings work better**
- Investigate further initiatives and use of **emerging technology**

2026

WEIGH UP OUR WASTE

- Aim for **zero waste** going to landfill
- Stronger on the Three Rs – Reduce, Reuse & Recycle!

2027

BUY BETTER & SHOP LOCALLY

- How we've always preferred to buy
- Supporting our **local suppliers** and helping us choose more sensibly
- **Circular economy**, lifespan of products and buying Fairtrade & organic

2028

FOCUS ON TRANSPORT

- **Increase our charging points** for electric vehicles
- Offer **co-op schemes** for deliveries & collections on the park
- Encourage **car sharing**

2029

THE FINAL PUSH!

Make sure every base is covered and that **Monument Park will truly be Net Zero by 2030!**

2030

WHAT SUSTAINABILITY STEPS CAN YOU TAKE?

Are there parts of the journey that you'd like to explore too?

We're happy to share what we've learnt so far and learn from you too.

By sharing experiences, we can take even more steps together.

"If you have an apple and I have an apple and we exchange apples then you and I will still each have one apple. But if you have an idea and I have an idea and we exchange these ideas, then each of us will have two ideas."

GEORGE BERNARD SHAW (1856–1950)
